

U.S. ENVIRONMENTAL PROTECTION AGENCY  
Office of Pesticide Programs  
Antimicrobials Division (7510P)  
1200 Pennsylvania Ave., N.W.  
Washington, D.C. 20460

EPA Reg. Number:

42182-13

Date of Issuance:

5/12/2020

NOTICE OF PESTICIDE:

☒ Registration  
☐ Reregistration  
(under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

Ironman Wipe

Name and Address of Registrant (include ZIP Code):

Scientific & Regulatory Consultants, Inc.  
201 W. Van Buren Street  
Columbia City, IN 46725

**Note:** Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(B). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Jacqueline Hardy, Product Manager 34  
Regulatory Management Branch 2  
Antimicrobials Division (7510P)

Date:

5/12/2020

1. You are required to comply with the data requirements described in the DCI identified below:

- a. ADBAC GDCI-069104-1739

You must comply with all of the data requirements within the established deadlines. If you have questions about the Generic DCI listed above, you may contact the Reevaluation Team Leader (Team 36): <http://www2.epa.gov/pesticide-contacts/contacts-office-pesticide-programs-antimicrobial-division>

2. Make the following label changes before you release the product for shipment:

- Revise the EPA Registration Number to read, "EPA Reg. No. 42182-13."

3. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 04/09/2020
- Alternate CSF#1 dated 04/09/2020
- Alternate CSF#2 dated 04/09/2020

If you have any questions, please contact Stacey Grigsby by phone at 703.305.6440, or via email at [grigsby.stacey@epa.gov](mailto:grigsby.stacey@epa.gov)

Enclosure: Accepted stamped label

## IRONMAN WIPE

**ACCEPTED**

05/12/2020

Under the Federal Insecticide, Fungicide  
and Rodenticide Act as amended, for the  
pesticide registered under  
EPA Reg. No. 42182-13

### ACTIVE INGREDIENTS:

Alkyl dimethyl benzyl ammonium chloride (50%C <sub>14</sub> , 40%C <sub>12</sub> , 10%C <sub>16</sub> ) .....	0.276%
Didecyl dimethyl ammonium chloride .....	0.104%
Octyl decyl dimethyl ammonium chloride .....	0.207%
Dioctyl dimethyl ammonium chloride .....	0.104%
Ethanol .....	68.610%
<u>OTHER INGREDIENTS</u> .....	<u>30.699%</u>
TOTAL .....	100.000%

[Does not include the weight of the [cloth] [towelette] [or] [wipe]]

## KEEP OUT OF REACH OF CHILDREN WARNING

See [back] [outer] [carton] [side] [container[s]] [inside] [panel] for First Aid statements

[CONTAINS:] [or Net Contents] [and/or Net Wt.] \_\_\_\_\_oz. (g) [or lbs. (kg)]  
\_\_\_\_\_ [# OF CLOTHS] [Premoistened] [Wet] WIPES [SIZE of each cloth]

### THE INFORMATION IN BOX IS NOT PART OF THE LABELING

[ ] - Statements in brackets are optional or instructional. Italicized words in brackets are not included

A footnote can be used to list organisms. Bacteria and virus can be separated into footnotes 1 and 2 if desired.

When organisms are listed next to a claim, the organisms may be listed in a footnote instead of directly next to the claim

Sequence and placement of phrases is optional unless specified in 40 CFR 156.10.

Capitalization, plurals or singular, bold and italics are all variable unless specified in 40 CFR

The terms "Wipe(s)", "Towel(s)", "Towelette(s)" and "Cloth(s)" can be used interchangeably throughout except for the product primary brand name which can be only changed by notification or amendment.

The word "and" and symbol "&" can be used interchangeably

All directions may be written in numbered form or in paragraph form

**[On any panel]**

**PRECAUTIONARY STATEMENTS:**

**Hazards to humans and domestic animals**

**WARNING:** Causes substantial but temporary eye injury. Do not get in eyes or on clothing. Wear safety glasses. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using [the] [toilet] [or restroom]. Remove and wash contaminated clothing before reuse.

**FIRST AID: If in eye[s]:** Hold eye[s] open, rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Contact a poison control center or healthcare professional [or doctor] for treatment advice. Have the product container or label with you when contacting a poison control center or healthcare professional [or doctor] or going for treatment. [For additional information or in case of emergency contact the Poison Control Center toll free at 1-800-222-1222.]

**Physical or chemical hazard[s]:** Combustible. Do not use or store near heat or open flame.

**DIRECTIONS FOR USE:**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. [See directions for use on container[s] inside.] [Consult equipment manufacturer's instructions prior to use.] [[For surfaces,] Test wipe on small inconspicuous area before use.] *[If equipment is listed on product label, "Consult equipment manufacturer's instructions prior to use" statement must be on product label.]*

**[Use one of the following as applicable to type of container.]**

**[TO DISPENSE] [TOWELETTES] [or WIPES] [or TOWELS] [or CLOTHS]:**

**GENERIC:**

Open lid. Pull out wipe. Close lid tightly.

**CONTAINER or CANISTER**

Remove lid [. ] [and discard inner seal] [from] [container or canister]. Find center of roll, remove first wipe for use, twist corner of next wipe into a point and thread through the hole in the [container or canister] lid. Pull through about one inch. Replace lid. Dispense remaining wipes as necessary by pulling out at an angle. When not in use keep [center cap of] lid closed to prevent moisture loss.

**BOX:**

Open along perforations as indicated. Remove packets as needed.

**THE INFORMATION IN BOX IS NOT PART OF THE LABELING**

[ ] - Statements in brackets are optional or instructional. Italicized words in brackets are not included  
A footnote can be used to list organisms. Bacteria and virus can be separated into footnotes 1 and 2 if desired.  
When organisms are listed next to a claim, the organisms may be listed in a footnote instead of directly next to the claim

Sequence and placement of phrases is optional unless specified in 40 CFR 156.10.

Capitalization, plurals or singular, bold and italics are all variable unless specified in 40 CFR

The terms "Wipe(s)", "Towel(s)", "Towelette(s)" and "Cloth(s)" can be used interchangeably throughout except for the product primary brand name which can be only changed by notification or amendment.

The word "and" and symbol "&" can be used interchangeably

All directions may be written in numbered form or in paragraph form

**PACKET or PACKAGE:**

Tear open packet [or package]. Unfold wipe and use as directed.

[For use on small single packets only: [Not labeled for individual sale [or distribution] and/or [See dispenser [or container or box or case or outer packaging] for [additional or full label] information].

**[SOLO® PAK] [Portable Pack] [Soft Pack][Flow Pack][Eco-Pak]:**

Open package lid. Completely remove inner seal. Pull out wipe [at an angle] [towards you through orifice or opening]. [(The next wipe pops up automatically.)] Snap lid closed after use to retain moisture.

KEEP SOLO® LID CLOSED WHEN NOT IN USE

SOLO® is a registered trademark of Nice-Pak Products, Inc.

**REFILL [PACKET] [or PACKAGE] [or POUCH] [or CANISTER] [or BUCKET][or PAIL][or DISPENSER]:**

This refill package is made for use only in a [product name] container [or canister or bucket or pail or dispenser]; do not use this product in a container [or canister or bucket or pail or dispenser] for another product. Do not use the refill wipes in a container [or canister] [or bucket] [or pail] [or dispenser] that is cracked or broken. Discard the cracked or broken container [or canister] [or bucket] [or pail] [or dispenser] in accordance with the container [or canister] [or bucket] [or pail][or dispenser] disposal instructions on the label.

**[Option 1]**

Remove [entire] lid from container [or canister or bucket or pail or dispenser]. Tear open refill packet [or package] [or pouch] at notch [or mark] [or arrow] and place [wipe] roll in empty container [or canister or bucket or pail or dispenser]. Follow information on container [or canister or bucket or pail or dispenser] to dispense wipes.

**[Option 2]**

Remove [entire] lid from container [or canister or bucket or pail or dispenser]. Tear open refill packet [or package] [or pouch] at notch [or mark] [or arrow]. Place [entire] refill packet [or package] [or pouch] of wipes in empty container [or canister or bucket or pail or dispenser]. Follow information on container [or canister or bucket or pail or dispenser] to dispense wipes.

**CONTAINER [or CANISTER or BUCKET or PAIL or DISPENSER] [numbers optional]**

1. Remove [the] lid [from] [the] [pail or bucket or container or canister or dispenser].
2. [Press] open [the] [dispenser at center of [the] lid].
3. Open [the] refill [packet] [package] [pouch] then place in [pail or bucket or container or canister or dispenser].
4. Locate [the] first wipe at [the] center of [the] roll.

**THE INFORMATION IN BOX IS NOT PART OF THE LABELING**

5. Feed [the] first wipe though [the] dispensing orifice.
6. Reapply [the] lid [to] [the] [pail *or* bucket *or* container *or* canister *or* dispenser].
7. Dispense [the] wipe.

**FOR THE REFILL[S] [PACKET] [PACKAGE] [POUCH] [CANISTER][BUCKET][PAIL][DISPENSER]:**

1. Remove [the] lid [from] [the] [pail *or* bucket *or* container *or* canister *or* dispenser].
2. Remove [the] empty refill [packet] [package] [pouch] material from [the] [pail *or* bucket *or* container *or* canister *or* dispenser.]
3. [Press] open [the] [dispenser at center of [the] lid].
4. Open [the] refill [packet] [package] [pouch] then place in [pail *or* bucket *or* container *or* canister *or* dispenser].
5. Locate [the] first wipe at [the] center of [the] roll.
6. Feed [the] first wipe though [the] dispensing orifice.
7. Reapply [the] lid [to] [the] [pail] [*or* bucket *or* container *or* canister *or* dispenser].
8. Dispense [the] wipe.

**[SANITIZING DIRECTIONS]**

**TO SANITIZE HARD, NONPOROUS, NONFOOD CONTACT SURFACES:** If present, use a wipe to remove visible soil prior to sanitizing. Unfold [a] [clean] wipe and thoroughly wet surface. Allow surface to remain wet for 10 seconds. Let air dry.

*And/or*

**[DISINFECTING DIRECTIONS]**

**TO [CLEAN] [AND] [,] DISINFECT [AND DEODORIZE] HARD, NONPOROUS SURFACES:** If present, use a wipe to remove visible soil prior to disinfecting. Unfold [a] [clean] wipe and thoroughly wet surface. Allow surface to remain wet [[for 5 [five] minutes][to disinfect bacteria, viruses, fungi, yeast, and *Mycobacterium bovis* BCG (TB) (at 73°F [23°C])]] [for 3 [three] minutes][to disinfect bacteria and viruses]] [[for 1 [one] minute][to disinfect bacteria and enveloped viruses]]. [Use [additional] [enough] wipe(s) [, if needed,] to ensure surface is wet for contact time]. Let air dry. A potable water rinse is required for food contact surfaces.

*[one of the contact time options above will be used as appropriate for the organisms listed on container label]*

**[CONTINUOUS [Residual] [or Continuously Active] DISINFECTION DIRECTIONS]**

**FOR CONTINUOUS DISINFECTION [OR RESIDUAL DISINFECTION] [OR CONTINUOUSLY ACTIVE DISINFECTION] ON HARD, NONPOROUS SURFACES FOR 24 HOURS:** If present, use a wipe to remove visible soil prior to disinfecting. Remove and unfold [a] [clean] wipe [from container]. Use wipe to [thoroughly] wet the surface to be disinfected. Ensure surface remains wet for 1 [one] minute to disinfect against the organisms in Table 4 [or Continuously Active Disinfection [table]]. Allow the surface to air dry for continuously active disinfection up to 24 hours [with multiple touches]. Use of this product should not alter standard cleaning and disinfections practices. If the treated surface is cleaned, reapplication of product is necessary for continuous disinfection.

***[The following sets of directions are optional]***

**ULTRASOUND TRANSDUCERS AND PROBE[S]:** For use on external surfaces of ultrasound transducers, scopes, [and] [or] probe[s] only prior to high-level disinfection [(HLD)].

**THE INFORMATION IN BOX IS NOT PART OF THE LABELING**

[ ] - Statements in brackets are optional or instructional. Italicized words in brackets are not included  
 A footnote can be used to list organisms. Bacteria and virus can be separated into footnotes 1 and 2 if desired.  
 When organisms are listed next to a claim, the organisms may be listed in a footnote instead of directly next to the claim

Sequence and placement of phrases is optional unless specified in 40 CFR 156.10.

Capitalization, plurals or singular, bold and italics are all variable unless specified in 40 CFR

The terms "Wipe(s)", "Towel(s)", "Towelette(s)" and "Cloth(s)" can be used interchangeably throughout except for the product primary brand name which can be only changed by notification or amendment.

The word "and" and symbol "&" can be used interchangeably

All directions may be written in numbered form or in paragraph form

**To disinfect [[and decontaminate] prior to high-level disinfection [or HLD]]:** Preclean gel from external surface of ultrasound transducer, scope, [and] [or] probe[s] by using a clean washcloth or [germicidal] wipe. Then, follow instructions to disinfect.

**[The following instructions are to be included on container labels when claims against HIV, and/or HBV and/or HCV are listed; one, two or all three of the viruses may be included on claims and directions.]**

**†KILLS HIV-1, HEPATITIS B VIRUS (HBV) AND HEPATITIS C VIRUS (HCV) ON PRECLEANED ENVIRONMENTAL SURFACES/OBJECTS [AND PRECLEANED EXTERNAL SURFACES OF ULTRASOUND TRANSDUCERS [AND PROBE(S)]] PREVIOUSLY SOILED WITH BLOOD/ BODILY FLUIDS** at room temperature (68°- 77°F) or (20°- 25°C) in healthcare or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or bodily fluids, and in which the surfaces/objects likely to be soiled with blood or bodily fluids can be associated with the potential for transmission of Human Immunodeficiency Virus Type 1 (HIV-1) (associated with AIDS), Hepatitis B Virus (HBV), and Hepatitis C Virus (HCV).

**†SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1, HEPATITIS B VIRUS (HBV) AND HEPATITIS C VIRUS (HCV) OF SURFACES/OBJECTS SOILED WITH BLOOD/ BODILY FLUIDS:**

**Personal protection:** When handling HIV-1, HBV or HCV infected blood or bodily fluids; wear disposable protective gloves, protective gowns, masks and eye coverings, per facility protocol.

**Cleaning procedure:** All blood and other bodily fluids must be thoroughly cleaned from surfaces and objects before disinfection by the [germicidal] wipe.

**Disposal of infectious materials:** Used wipe that may be contaminated with blood and other bodily fluids must be disposed of according to local regulation for infectious waste disposal.

**Contact time:** Use [germicidal] wipe to thoroughly wet surface. Allow surface to remain wet for 10 seconds. [Use [additional] [enough] wipe(s) [,if needed,] to ensure [continuous] [wet contact time(s) listed on the label.][or 10 second(s)] wet contact time.]] [Repeated use of the product may be required to ensure that the surface remains wet [for contact time(s) listed on the label.] [for 10 seconds.]] Let air dry.

[Hard Surface Mildewstat] On hard surfaces:

[To inhibit mold and mildew growth]: If present, use a wipe to remove visible soil. Unfold [a] [clean] wipe and thoroughly wet surface. Let air dry. Repeat [application] every 7 days to inhibit mold [and mildew] growth. [Effective against *Aspergillus brasiliensis* [mildew]].

**[Terminal Sterilant Disclaimer per PR Notice 94-4]**

**[The following paragraph must be used on product label if hospital and healthcare use sites are on the label.]**

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to preclean or decontaminate critical or semi-critical

**THE INFORMATION IN BOX IS NOT PART OF THE LABELING**

medical devices prior to [sterilization] [or] [high level disinfection] [or HLD].

#### STORAGE AND DISPOSAL:

Do not contaminate water, food, or feed by storage and disposal. *[Statement not required for residential or household use products.]*

*[Use storage/disposal statement A if canister, bucket, pail or refill dispenser directions used. Use storage/disposal statement B if Solo® Pak, Portable Pack, Soft Pack, Flow Pack, Eco-Pak, Packet, Pouch, or [refill] packet/package] directions used.]*

#### [Statement A:]

**Storage:** Do not store near heat or open flame. When not in use keep [[center] cap of] lid closed to prevent moisture loss.

**Towelette Disposal:** Do not reuse towelette. Dispose of used towelette in trash. Do not flush in toilet.

**Canister [or Container or Bucket or Pail or Dispenser] Disposal:** Nonrefillable canister [or container or bucket or pail or dispenser]. Do not reuse or refill this canister [or container or bucket or pail or dispenser]. Offer for recycling. If recycling is not available, put in trash collection.

*[If refillable dispenser is being used, substitute the following: Refill Package [or Canister or Container or Bucket or Pail or Dispenser] Disposal:* Offer for recycling. If recycling is not available, discard in trash.*]*

#### [Statement B:]

**Storage:** Do not store near heat or open flame. **Towelette Disposal:** Do not reuse towelette. Dispose of used towelette in trash. Do not flush in toilet. **Packet [or Package or Pouch or Container or Dispenser] Disposal:** Put empty Solo® Pak [or Portable Pack or Soft Pack or Flow Pack or Ecopak or [refill] packet [or packaging or pouch]] in trash collection.

#### [Optional Use Sites/Surfaces]

**[Table 1: Hard, nonporous use sites/surfaces]**

## **Emerging Viral Pathogen Claims**

This product qualifies for emerging viral pathogen claims per the EPA's 'Guidance to Registrants: Process for Making Claims Against Emerging Viral Pathogens not on EPA-Registered Disinfectant Labels' when used in accordance with the appropriate use directions indicated below.

This product meets the criteria to make claims against certain emerging viral pathogens from the following viral category[y] [ies]:

- Enveloped Viruses
- Large, Non-Enveloped Viruses
- Small, Non-Enveloped Viruses

<i>For an emerging viral pathogen that is a/an...</i>	<i>...follow the directions for use for the following organisms on the label:</i>
Enveloped virus	Rotavirus, Strain WA (ATCC VR-2018)
Large, non-enveloped virus	Poliovirus type 1, Strain Chat (ATCC VR-1562) Or Feline Calicivirus, Strain F-9 (ATCC VR-782)
Small, non-enveloped virus	Poliovirus type 1, Strain Chat (ATCC VR-1562) And Feline Calicivirus, Strain F-9 (ATCC VR-782)

Ironman Wipe has demonstrated effectiveness against viruses similar to **[name of emerging virus]** on hard, nonporous surfaces. Therefore, Ironman Wipe can be used against **[name of emerging virus]** when used in accordance with the directions for use against **[name of supporting virus(es)]** on hard, nonporous surfaces. Refer to the **[CDC or OIE] website** at **[pathogen specific website address]** for additional information.

**[Name of illness/outbreak]** is caused by **[name of emerging virus]**. Ironman Wipe kills similar viruses and therefore can be used against **[name of emerging virus]** when used in accordance with the directions for use against **[name of supporting virus(es)]** on hard, nonporous surfaces. Refer to the **[CDC or OIE] website** at **[website address]** for additional information.
